Career Objective

To contribute to higher education through quality teaching, research, student mentorship, and academic leadership while fostering innovation, critical thinking, and industry-oriented learning.

Professional Summary

Dedicated Assistant Professor with an MCA from NIT Jamshedpur and experience in teaching Computer Science, Data Structures, Algorithms, DBMS, Machine Learning, Python Programming, and Mathematics. Possesses experience in curriculum delivery, outcome-based education, academic administration, student mentoring, project supervision, and research activities. Skilled in integrating practical industry knowledge with classroom teaching to improve student learning outcomes.

Educational Qualifications

Degree	Institution	Year	Specialization
MCA	NIT Jamshedpur	2024	Computer Applications
BCA	J.S. University	2021	Computer Applications

Teaching Experience

Assistant Professor/ Technical Instructor, CGC University (Apex), Mohali (Jul 2025 – Present)

- Teaching undergraduate engineering and computer application courses.
- Delivering lectures on Python, Machine Learning, DSA, DBMS and related subjects.

- Preparing course files, lesson plans, assessments and laboratory manuals.
- Mentoring students for projects, internships and placements.
- Participating in accreditation, NBA/NAAC-related academic activities.
- Implementing Outcome Based Education (OBE) practices.

Assistant Professor, Smt. S. R. Patel Institute, Gujarat (Jun 2024 – Jun 2025)

- Handled theory and laboratory courses in Computer Science.
- Guided student mini-projects and major projects.
- Managed ERP operations, attendance and academic records.
- Contributed to departmental academic planning and administration.

FLT Mathematics Tutor, Focus Edumatics (Feb 2023 – Jan 2025)

- Taught K–12 mathematics to international students.
- Delivered engaging virtual sessions for over 4,000 students.
- Maintained a performance rating of 4.8/5.

Industry Experience

Prompt Engineer, Outlier

- Evaluated AI responses, prompt design, and LLM quality assessment.

Courses / Subjects Taught

- Programming in Python
- Data Structures and Algorithms
- Database Management Systems
- Object-Oriented Programming
- Machine Learning
- Operating Systems
- Computer Networks
- Software Engineering

Research Interests

Artificial Intelligence, Machine Learning, Data Analytics, Educational Technology, Cyber Security, Database Systems, and Software Engineering.

Research Publications

AI-Powered Fraud Detection: Leveraging Machine Learning to Combat Financial Crimes (2025)

Towards a More Secure Two-Tier ATM System: Proposed Enhancements (2025)

Technical Skills

Programming Languages: Python, C, C++, SQL
Databases: MySQL, SQLite
Analytics Tools: Power BI, Tableau, MS Excel
Libraries: Pandas, NumPy
Version Control: Git, GitHub
Productivity Tools: MS Office, Google Workspace, ERP Systems

Academic Projects

Amazon Sales Analysis Dashboard

- Data cleaning and transformation using Power Query.
- Dashboard development using Power BI.
- Sales trend analysis and business intelligence reporting.

Academic Responsibilities

- Time Table Coordinator
- Laboratory Coordinator
- Project Guide
- Student Mentor
- Academic Administration
- Examination Duties
- ERP Management
- Departmental Documentation

Achievements & Certifications

- AIR 536 in NIMCET Examination.
- HackerRank SQL Certification.
- HackerRank Problem Solving Certification.
- Full Stack Development Virtual Internship – Teachnook.
- Successfully mentored and taught thousands of students.

Faculty Development Programs / Workshops

Participated in Faculty Development Programs (FDPs), seminars, workshops, research discussions, and professional development activities related to emerging technologies and pedagogy.

Professional Strengths

Excellent Communication Skills, Classroom Management, Leadership, Teamwork, Research Orientation, Curriculum Design, Student Engagement, Problem Solving, Critical Thinking, Adaptability, and Time Management.
